Asunto: Thank you

Mr. Minister –

Thank you for taking the time to help me better understand all of your efforts on behalf of Electricidad de Caracas and Corpolec to address the country's electricity crisis. It was highly informative and has provided me with a much better estimate on the government's efforts. I look forward to our continued interaction. Please let me know if I can be of assistance in the future.

I also wanted to ask you whether you have been involved in or are aware of the status of negotiations with the U.S. firm PSEG Global, which has a minority ownership in the Turboven thermoelectric plant. The company has been trying to negotiate an amicable sale of its interest to Corpolec. It told me that it last had contact with Venezuelan authorities at the beginning of the summer and was concerned that it had not heard from Corpolec in several months.

Regards,
